

Expanded Tent Product Datasheet

Product Name: TrailMaster X4 Tent

Category: CAMPING & HIKING

Product Type: FAMILY CAMPING TENTS

Brand: OutdoorLiving

Expanded Description: The TrailMaster X4 Tent offers superior durability and ample space, perfect for extended camping trips in rugged environments. It is designed to withstand harsh weather, featuring reinforced seams, weatherproof zippers, and multiple ventilation points to ensure comfort. Ideal for family camping or group expeditions, this tent can comfortably accommodate up to 4 people. It also includes an advanced rainfly system for added protection, and its quick-setup poles allow for an effortless pitch in any terrain. The TrailMaster X4 Tent is made from UV-resistant fabric, ensuring longevity even in extreme sunlight.

Product Name: Alpine Explorer Tent

Category: CAMPING & HIKING

Product Type: BACKPACKING TENTS

Brand: AlpineGear

Expanded Description: The Alpine Explorer Tent is built for adventurous explorers who require a lightweight, spacious, and durable tent. This tent is perfect for alpine trekking, offering a quick-setup design with high-strength aluminum poles for stability in windy conditions. The fabric is coated with a durable water-resistant finish, making it suitable for wet weather conditions. It includes an integrated gear loft and multiple internal storage pockets, allowing you to keep your essentials close. With a large vestibule for gear storage, the Alpine Explorer is perfect for extended hiking trips and cold-weather expeditions.

Product Name: SkyView 2-Person Tent

■Category: CAMPING & HIKING

Product Type: BACKPACKING TENTS

Brand: OutdoorLiving

Expanded Description: The SkyView 2-Person Tent offers a combination of lightweight construction and

quick-pitch design, making it the perfect choice for weekend camping getaways. It features a large mesh roof for stargazing on clear nights, while the waterproof coating ensures you stay dry during rainstorms. The tent is equipped with a robust frame that maintains stability even in windy conditions. Its two-door design allows for easy access, and it comes with a convenient carrying bag for transportation. The SkyView is perfect for couples or solo campers looking for a reliable and comfortable shelter.
